own TV set, but the system removes the cost of installing an antenna.

Counting cable, amplifiers and other equipment, it costs slightly more than \$3,000 a mile to install the system. The coaxial cable is strung, in most cases, on utility poles leased from telephone or electric companies.

The East Rainelle-Rainelle system has the largest installation to date with about 50 subscribers plugged into its five miles of cable.

MAKE PIG'S TAIL CURL

Government scientists have found a way to make a runty pig's tail curl. Oldtime farmers say a curly tail means a healthy pig.

At the Agricultural Department's experimental farm at Beltsville, Md., runty pigs have been converted into healthy animals by adding antibiotic drugs to their diets.

These pigs quickly increased their growth rate nearly 100 per cent.

The experiments showed, however, that the increase in the growth rate of normal pigs was no more than 10 to 20 per cent. Sometimes it was none at all.

Scientists said they do not know yet exactly why the unthrifty pigs react so well to antibiotics. It may be, they said, that the drugs help to reduce harmful bacteria, or encourage the growth of beneficial micro-organisms in the digestive tract, or provide some unknown growth-promoting substances.

The scientists urge farmers (1) not to expect antibiotics to take the place of a good diet, (2) not to use them as substitutes for good sanitary feed practices and (3) to follow the feeding instructions of the drug manufacturer.

Department scientists also have turned their attention to the pipe smoker—particularly the man who uses a corn cob pipe.

Working with the Missouri Experiment Station, the department's Agricultural Research Administration is carrying on experiments designed to produce a better quality hybrid corn of the type from which cobs for pipes are obtained.

Missouri is the biggest producer of pipe corn — and of corn cob pipes.

Good corn cob pipes are made from special corn varieties with unusually large, hard, tough cobs. Officials say good hybrid varieties would increase

lion pipes.
WINTER IS A GOOD TIME
Now is a good time to begin to farm machinery in shape for the coming year, say specialists of the Agricultural Extension Service, West Virginia university.

A shortage of critical material brought about by the expanded defense program will not permit production of as much farm machinery as farms will need next year, the specialists stress. Farmers can do much to help meet this situation by taking the best possible care of the machinery they already have.

Here are a few specific suggestions:
Check all machines for broken, loose or defective parts and tag those that will need to be repaired or replaced before another season's use. Machinery should be cleaned, rust-proofed where necessary, and paint should be applied to the exposed wood and metal parts. This is particularly true of machines that are not sheltered in buildings.

Canvases, drapes and belts should be removed, cleaned and put in a safe shelter, where they cannot be damaged by either weather or rodents.

Farmers are advised to pack bearings and other movable parts with proper lubricants to prevent the entrance of moisture that can cause them to rust, corrode, or freeze.

Batteries should be removed from power equipment and kept properly charged. Machinery on rubber tires should be jacked up to relieve pressure on the tires.

The radiators and cylinder blocks of engines should be drained or protected with anti-freeze and rust-inhibitive materials. Valves and pistons should be lubricated to head off corrosion.

Tagging all parts that need repair or replacement is helpful, as tags are placed when a machine's faults are known will flag a faulty member in the months to come. A farmer should order all replacement parts now, so they will be on hand when he has the time to make repairs. He should also make immediate arrangements to have precision equipment engines and motors checked over at the shops of his machinery dealer so there will be no last-minute repairs or waiting next spring.

SPANISH-AMERICAN WAR VETS

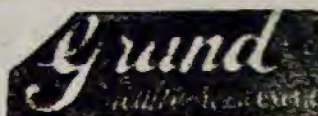

Frank W. Dolan of Renick is the lone survivor of Greenbrier county boys who volunteered and fought in the Spanish-American war in 1898. Following is the list of the other boys, all of whom are dead: Oscar A. Price, John R. Burr, Whitner K. Morgan, Wm. L. Gillilan, Jesse Livesay, Henry Wash, Dolan, Charles Rutherford, Wm. C. Shanklin, Emory B. Toothman, Edward F. Pollock, Blanchard Beckner, Clinton C. Lemons, Joseph B. Scott, Lake Moore, Wm. P. Mathews and Fred W. (Mick) Snyder. They volunteered on May 4 and left for training at Chattanooga Park, Tenn., on May 9. They all served throughout the war.

GILMER GETS CONTRACT

The Pocahontas Construction Co., of
Wisburg, Friday was awarded a
commission contract for widen-
the Davis Creek bridge on U. S.
60 in South Charleston.

The contract was awarded after
Federal Bureau of Public Roads ap-
proval had been received on the firm's
bid \$83,842. The structure is to be
widened from two lanes to four lanes.

Pocahontas County Items.

A correspondent writing from Huntersville says:

"The Baltimore, Cincinnati and Western Railroad last week recorded its first mortgage for \$18,000,000 in this county and other counties through its line. I hear five corps of engineers are at work on it.

The late freshet took away about 500 logs for Harper and Andrew McGlaughlin at the mouth of Knapp's creek, caused by breaking their boom.

M. A. Frie has sold his mill property, two miles above Huntersville, on Knapp's creek, to James and J. W. Barclay for \$1,400.

The West Va. Central and Pittsburgh Railroad (H. G. Davis' road) has recorded twelve deeds for land and leases in this county, for which it paid about \$12,000 in cash."

Mr. C. B. Swecker, writing to us from Dunmore, under date of December 30th, says:

"Capt. Lakin and John W. Peters landed home from a rafting tour on Greenbrier river. They report six rafts landed at Ronceverte, and about 3,000 or 4,000 logs. They leave to-day to take down another lot of fine timber. Pocahontas county has plenty of timber, and the Captain and John know how to run it into market.

We were visited last night with the first snow to amount to anything."

The Greenbrier Independent.

THURSDAY, JUNE 30TH. 1881.

LOCAL MATTERS.

THE attendance upon the Circuit Court on Monday was unusually large.

MUCH-NEEDED and seasonable rains have fallen in this section within the past few days.

WE are indebted to Senator Dennis for a copy of the Acts of the last Legislature of West Virginia.

JUDGE HOLT will hold a special term of Summers Circuit Court, in July or August, for the trial of Criminal cases.

MONDAY next will be the July term of Greenbrier County Court. This will be the term at which the County levy will be made.

IN the Court of Appeals of West Virginia, now in session at Wheeling, no opinions were delivered on Saturday last, in causes from this section of the State.

THE second Quarterly Meeting for Lewisburg Station, M. E. Church, South, will be held next Sunday.

Pocahontas Circuit Court.

The June term of this Court began on the 20th instant—Judge Holt presiding—and adjourned on Friday the 24th instant.

Messrs. A. L. Hustead, of Clarksburg, and Wm. L. Kee, of Beyerly, qualified to practice in this Court.

The following named gentlemen composed the Grand Jury: Wm. Curry (foreman,) Jas. H. Rider, David Heyener, George Kerr, Jacob W. Sharp, Newton Moore, George McGlaughlin, Jacob S. Moore, William Dilly, Reben Overholt, A. C. L. Gatewood, Sherman H. Clark, Frank A. Renick, Matthew J. McNeel, Reuben Pennell and A. W. Moore.

The following State cases were disposed of on the first day: The State vs. Ward Currans, Robert Currans, James Crookshanks and Peter Redman, for grand larceny. Capias executed as to Crookshanks and Ward Currans, who elected to be tried separately. Upon the trial of Crookshanks the jury found the following verdict: "We, the jury, find the prisoner guilty of petit larceny, and fix the term of his confinement at three months in the county jail and a fine of \$30;" which verdict was set aside by the Court. The At-

in the county jail and a fine of \$50, which
verdict was set aside by the Court. The At-
torney for the State then entered *nolle prose-*
quis as to all the parties.

The State vs. A. H. B. Howdyschell, for
assault and battery. Verdict, not guilty.

The State vs same, for assault and battery.
Judgment confessed for \$1 and costs.

The State vs. William Johnston, for un-
lawful sale of spirituous liquors. Verdict,
not guilty.

The second day of the Court the Grand
Jury presented the following indictments:

Edward Bruce, (*alias* Edward Bruce Han-
ner,) for petit larceny.

A. H. B. Howdyschell, (*alias* Bird Howdy-
schell,) for grand larceny.

E. D. Adkinson, "as accessory in larceny
before and after the fact."

Lemuel Piles, Beauregard Colter and Clin-
ton Kellison, for trespass.

John Galford, Ervine Wilfong, David Mc-
Clure, George Vanreenen, Perry M. Town-
send, James Townsend, Henry Poage, Mof-
fett Waugh, John Waugh, David Sharp, An-
drew Figgins (colored,) and Thomas Town-
send, "for unlawful assembly and riot."

During the remainder of the term the fol-
lowing cases were dis-

fett Waugh, John Waugh, David Sharp, An-
drew Figgins (colored,) and Thomas Town-
send, "for unlawful assembly and riot."

During the remainder of the term the fol-
lowing cases were disposed of:

The State vs. W. T. Slaven, for assault and
battery—*nolle prosequi* entered.

The State vs. Alexander Hiftner, for giving
away intoxicating drink on the day of gen-
eral election. Continued, and rule against
C. A. Rogers, witness for State.

The State vs. Edward Bruce Hanner, for
petit larceny. Verdict of guilty, and sen-
tenced to five months confinement in the
county jail.

The case of the State vs. Wm. J. Rodgers,
for forgery, occupied the best part of three
days. After the evidence had been fully
heard and the arguments concluded the jury
rendered a verdict of not guilty. The accused
was remanded to jail to await his trial at the
next term on another charge of forgery.

HAY STOLEN.—Mr. John McGee had three
stacks of hay stolen from his meadow, just
below the mouth of Greenbrier, by a negro,
hailing from Christiansburg. The man was
driving a team. He was arrested near Peters-
town, in Monroe county, and brought to town
yesterday, and taken before L. M. Dunn,
Esq., who let him off with \$12.80 fine and
costs.—*Mountain Herald*

Mrs. R. E. Hudson is in Cha

in Ohio. Some one, sympathizing with her, went about the streets and stores and in a few minutes raised \$12.30, which was tendered to pay her way on the train. Another child, about six years of age, kept pace with its mother all the way.

LEWISBURG MARKETS.—(*Corrected weekly by Brown, Montgomery & Estill.*)—Wool, tub-washed, 35c.; unwashed do., 26 to 28c.; Ginseng, 1.25 to \$1.50 crude; Seneca Root, 35 to 40c.; Dried Apples, 3 to 4c.; Pitted Cherries, 12½ to 15c.; Peaches, unpeeled, 8 to 10c.; do., peeled, 10 to 12c.; Raspberries, 18 to 20c.; Blackberries, 5c.; Deer Skins, prime dried, 30 to 35c.; Feathers, new goose, 40 to 45c.; Sheep Skins, 30 to 40c.; Beeswax, 20c.; Beans, \$1.00 to \$1.25; Butter, 15 to 16½c.; Eggs, 10c.; Flour, \$3.00; Pork, 4½ to 5c.; Buckwheat Flour, 2¼c.

 Mr. W. M. S. Dunn, engineer and general superintendent of the Chesapeake and Ohio Railway Company, has resigned that responsible position, to take effect as soon as an officer is appointed in his stead.

 Micajah Woods, Commonwealth's attorney for Albemarle county, has been elected captain of the Monticello Guards.

Girls.

They take to kissing as naturally as a fly to a water-pond, or a June-bug to a rose-bud. But their kisses are as dry as stale jokes until they are fifteen and upwards. They are not prodigal in bestowment after that period, but you must look out for the sting that then follows. They are particularly fond of kissing babies by way of becoming skilled in the art. Some folks hold to the heresy that a girl should not kiss a man unless she is engaged to him. Well—she likes to be kissed nevertheless, because she has an innate predilection for kissing and being kissed. Some believe that lips were made to be kissed. Some other or others has said that one kiss a month cannot satisfy the longing lips of a girl in her teens. She was right. She spoke from experience or from the inspiration of her sex. It was no wonder that she left the Convention when she could get but one kiss a month. Why, she wants at least ten before breakfast, twenty before dinner, and after supper a number not to be counted, if the comet is only a silent spectator.

The man said he couldn't hire the

Demijohns, properly corked and labeled, should be left at Mr. J. G. Hayden's Ice Cream and Eating Saloon on Friday evening. They will be delivered to parties in town on Saturday evening. Price per Demijohn, 25 cents.

LEWISBURG MARKETS.—(*Corrected weekly by Brown, Montgomery & Estill.*)—Wool, tub-washed, 35c.; unwashed do., 26 to 28c.; Ginseng, 1.25 to \$1.50 crude; Seneca Root, 35 to 40c.; Dried Apples, 3 to 4c.; Pitted Cherries, 10 to 12½c.; Peaches, unpeeled, 8 to 10c.; do., peeled, 10 to 12c.; Raspberries, 18 to 20c.; Blackberries, 5c.; Deer Skins, prime dried, 30 to 35c.; Feathers, new goose. 40 to 45c.; Sheep Skins, 30 to 40c; Beeswax, 20c.; Beans, \$1.00 to \$1.25; Butter, 15 to 16½c.; Eggs, 10c.; Flour, \$3.00; Pork, 4½ to 5c.; Buckwheat Flour.

careful and they take bold
pose to be little things.

Rafting Logs on Greenbrier River.

The recent "swells" in Greenbrier river, caused by heavy rains in Pocahontas, came to the lumbermen of this section like thunder-bolts from a clear sky. However, to vary the adage, "it is an ill tide that rolls nobody any good," and the Lumber Companies at Ronceverte have received hundreds of logs from Pocahontas county. Heretofore it has been thought impossible to run large rafts on this river because of three difficult points on the route—the "Droop Mountain" passage, the "Cat-rocks," and the obstructing piers of the iron railroad bridge between Caldwell Station and Ronceverte. But last Saturday evening Mr. John Peters, of New York, an experienced lumberman in the employ of the Greenbrier Lumber Company, proved that human skill can surmount almost any obstacle. That gentleman, with a little inexperienced help, passed the two most difficult points and safely landed at Ronceverte a raft of 235 logs—36 feet wide and 154 feet long—by far the largest one ever rafted down the Greenbrier. With the exercise of proper skill the Greenbrier furnishes an excellent outlet for the valuable timbers along its banks, and capitalists need hesitate no longer on the score of difficult navigation.

DUNMORE, W. Va., July 20th, 1881.

Editor Greenbrier Independent :

Three of the oldest men in our county have died in the last three weeks—all named William. The first, William Galford, at his home near Dunmore, aged 80 years; next William Kerr, at his home near Green Bank, on the 18th inst., aged 86 years, and last William Cassel, at his home near Green Bank, aged 76 years.

The hottest weather ever known at Dunmore was last week. The mercury ran up to 98 in the shade at B. F. Jackson's. For three or four days the weather was so hot you could very near see suits of clothes walking around, the people having melted. The hot day made some of our boys so lazy that when they went in the gardens the shades of their hats would kill the cabbage plants.

The workmen will soon have our merchant's (R. Jennings's) new house ready for him to move in, which when done will add very much to the looks of our town.

Last Tuesday two young scamps broke out a window glass at the Postoffice, at Dunmore, and took two jars of candy and sloped.—Boys, bring back the jars, and Swecker will talk to you about the candy.

THE BIG SHOW.—Miles Orton, the champion bareback rider of the world, will be here with his team.

variety of crime. The accursed spirit of Free-
masonry must be put down, and the anti-Ma-
sons must never cease to nominate candidates
until they finally triumph at the polls, in
spite of the desperate and corrupt devices of
their opponents."

A VIRGINIA SNAKE BEATS A LOCOMO-
TIVE.—As the Shenandoah Valley fast ex-
press entered the mile cut, immediately north
of our town, on Tuesday last, the engineer
was horror-stricken to see what he supposed
to be the end of the rail just ahead of his
rushing locomotive sliding rapidly away from
him. His first thought was a broken rail
caught by the pilot, and he expected an in-
stantaneous shock. Wonderment usurped
the place of fear when a second glance re-
vealed a five-foot blacksnake of the species
known as "runner," gliding rapidly away
from him on the top of the rail. In the ex-
citement of the moment his hand sought the
throttle, he threw it wide open, and the train
bounded forward under the impulse, but the
snake maintained its lead, although the train
was running at fully fifty miles per hour, and
when the end of the cut was reached and an
opportunity afforded to escape, it left the
rail, ran out into an open space, coiled itself
up, threw its head into an attitude of defiance,
and died right there. An examination proved
that the intense heat on the rail had burned
it to death.—*Mechanicstown Clarion.*

During a trial for assault in Arkansas,
a club, a rock, a rail, an axe handle, a rail-

citement of the moment his hand sought the throttle, he threw it wide open, and the train bounded forward under the impulse, but the snake maintained its lead, although the train was running at fully fifty miles per hour, and when the end of the cut was reached and an opportunity afforded to escape, it left the rail, ran out into an open space, coiled itself up, threw its head into an attitude of defiance, and died right there. An examination proved that the intense heat on the rail had burned it to death.—*Mechanicstown Clarion.*

 During a trial for assault in Arkansas, a club, a rock, a rail, an axe handle, a knife and a shot gun were exhibited as "the instruments with which the deed was done." It was also shown that the assaulted man defended himself with a revolver, a scythe, a chisel, a hand saw, a flail and a cross dog. The jury decided that they'd have given five dollars a-piece to have seen the fight.

 When you call a Connecticut man a liar he may hit you on the nose or he may wait and poison your cow. It is this uncertainty which makes the Nutmeggers civil to each other.

A Marriage Fee in Beeswax.

Many of the first settlers of Illinois were rude in speech and rough in manner. Money was scarce with them, and service was paid for in produce. Governor R— used to illustrate these incidents of frontier life by the following anecdote:

One day there came to his office a young woman.

"Be you the 'Squire?" asked the manly youth.

"Yes, sir."

"Can you tie the knot for us right away?"

"Yes, sir."

"How much do you charge?"

"One dollar is the usual fee, sir."

"Will you take your fee in beeswax?"

"Yes, if you can't pay cash."

"Well, go ahead and tie the knot, and I'll fetch in the wax."

"No," said the 'squire, thinking there was a good chance for a little fun; "bring in the beeswax first and then I'll marry you."

Reluctantly the youth went out to where was hitched the horse upon which, Darby and Joan fashion, they had ridden, and brought the wax in a sack. On being weighed its value was found to be only sixty cents.

"Waal," said the anxious groom, "tie the knot and I'll fetch more wax next week."

"No, sir; I don't trust; that is against the rules of this office."

Slowly the disappointed youth turned to go out, saying, "Come, Sal, let's go."

"I say, mister," answered Sal, with a woman's wit, "can't you marry us as far as the wax will go?"

"Yes, I can, and will," replied the 'Squire, laughing, and he did.—*Exchange.*

as a "nigger.")

There were street-car, when t said: "There is to beat me out of look at each oth in their fare. "There are only si people in the car, and with a sigh marking: "I put once in the Legi can't be anybody to stand it."

One-Horse Lawyers.

A case of assault and battery was recently tried before one of our up-town aldermen, in which a Pittsburg lawyer tried very hard to make out that the defendant's family must have seen the sight, which took place just outside the kitchen door. The mother of the defendant being on the stand the lawyer opened the case in this wise:

"Well, where were you when the first blow was struck?"

"Down cellar skimming milk and tying clothes over my preserve jars," she replied.

"Where was your husband?"

"He was in the barn mending harness and greasing the wagon.

"Where was your daughter Sarah?"

"Sarah was in the north bedroom changing the pillow-cases on the spare bed.

"And where was Jane?"

"Jane? She had run over to a neighbor's to borrow some coffee and a nutmeg."

"Let's see! Haven't you a sister living with you?"

"Yes, sir; she was sewing carpet rags up stairs."

"Ah! she was. You have a younger son named Charles, haven't you?"

"Yes, sir; and he was salting the sheep across the road."

"Just so. You are a very busy family. I see. I suppose even the dog was very busy just at that particular moment?"

"Yes, sir, he was. Old Bose was down at the gate looking toward Pittsburg for one-horse lawyers!"

That closed her testimony and settled him more than a foot.

Teachers' Institute.

At the close of the Institute, held at Green Bank, the following preamble was unani-
mously adopted:

Resolved, That we, the members of the Teachers' Institute, held at Green Bank from the 22nd of August to the 27th, inclusive, return our sincere thanks to Prof. J. S. Rudd, conductor of our Institute, for the efficient and zealous manner in which he has conducted our Institute: That we believe his instruction conducive of great good, and that his lectures on the various branches, were very able, and full of instruction, meeting a long felt need of the teachers and public.

Resolved, That we highly appreciated the zeal manifested by our County Superintendent, Mr. Uriah Bird, for the manner in which he has aided in instructing the teachers of this county.

Resolved, That we tender our thanks to Hons. R. S. Turk and Geo. H. Moffett, for the very able and intelligent lectures delivered by them, to this Institute.

Resolved, That we tender our thanks to the citizens of this community for their hospital-
ity, and the interest manifested in the Insti-
tute.

Resolved, That a copy of these resolutions be forwarded to the GREENBRIER INDEPEN-
DENT for publication.

Action in Reference to the President's Death.

A public meeting of the people of Lewisburg was held at the Town Hall at 8 p. m. on Wednesday, the 21st inst., to give appropriate expression to the great sorrow felt by our people at the death of President Garfield.

Maj. Jas. H. Stratton called the meeting to order, whereupon Maj. John W. Harris was called to the chair, and in a few appropriate remarks briefly stated the object of the meeting.

The following resolutions were then offered by Thos. H. Dennis, Esq., and unanimously adopted:

The people of Lewisburg, having received with profound sorrow intelligence of President Garfield's death, have assembled in public meeting to take such action as may seem appropriate to the occasion.

While bowing with submission to the decrees of that mysterious Providence which shapes the destinies of men and nations, we deem it not improper that we should express our detestation of the horrible crime of the assassin whose murderous aim has deprived a nation of its chief magistrate and draped a whole land in mourning.

In common with our fellow-citizens throughout the country we have received the intelligence of this national calamity with mingled feelings of concern and sorrow. But this timely and

a whole land in mourning.

In common with our fellow-citizens throughout the country we have received the intelligence of this national calamity with mingled feelings of concern and sorrow. By this untimely and unnatural death the country has lost the services of a great and good man, whose experience, conspicuous abilities, patriotism and devotion, gave assurance of yet many years of useful service to his country.

The exalted position to which Mr. Garfield had been called by the suffrages of the people was a fitting tribute to the high estimate they placed upon his genius as a statesman, his many private virtues and the value of his public services.

We feel for the aged mother of the President, his widow and orphan children the profoundest sorrow, and tender to them in this their hour of sore bereavement and trial our heartfelt sympathies.

Mr. Jas. C. McPherson then moved that the resolutions be published in the GREEN-BRIER INDEPENDENT, and a copy be sent by Maj. Stratton to the family of the President—adopted. The meeting then adjourned.

~~RES.~~ Mrs. Annie Campbell, widow of the late Charles Campbell, the historian of Virginia, died at her home in Fredericksburg on Sunday morning, of consumption.

can afford to smile at the story of the ring, which is strictly true.—*Detroit Chaff.*

Hard on Lawyers.

"Friend Foxcraft," said a Quaker to a lawyer, "I desire to ask thy opinion."

"I am all attention."

"Supposing, friend Foxcraft, that my dog went into thy pantry and stole a leg of thy mutton, worth one dollar—what ought I to do then?"

"Pay for the mutton—nothing clearer."

"Exactly, friend Foxcraft; and now know thee that thy dog Pinchem, whom I well know by sight, hath stole a leg of my mutton from my pantry, worth exactly one dollar, and now what art thou going to do?"

"Pay for the mutton, of course. Here is the change." The good Quaker took his dollar.

"Hold on a moment, my friend; I have a little bill against you."

"Bill against me, friend Foxcraft? Thou art certainly laboring under a mistake."

"No mistake at all. I charge you my regular fee of five dollars for professional advice in this case."

"Then verily I will pay thee; but allow me to give it as my opinion, friend Foxcraft, that I have touched pitch and been sadly defiled."

WHAT A NEGRO SAW IN HELL.—It would

ships and other menial positions when they ought to be God's anointed lords of creation." These are plain words, but they are crammed with good, hard sense.

~~Now~~ We believe it was Mark Twain who paid a compliment to well-behaved corpses; and, as a usual thing, corpses do behave in a quiet and docile manner although recent occurrences in Iowa and Wisconsin have demonstrated the fallacy of placing too much faith upon their good conduct. In the Iowa case a man got out of his coffin during the progress of the funeral and said further proceedings would be dispensed with. When it was proposed to turn the meeting into a dance he objected. He said he wasn't going to have his funeral marred by any such unseemly levity, and if anybody showed disrespect for the remains the remains would punch his head. That stopped the dance. In the Wisconsin case the clergyman had just finished his sermon when the corpse sat up and demanded a glass of beer. Of course that stopped the funeral, and now there is a lawsuit, as the corpse refuses to pay the clergyman any fee, although he claims that he preached the sermon in good faith.

~~Now~~ Thunder Bill and Bonebreaker Jack are two Deadwood desperadoes whom every

mill-pond. The cattle drank enough to stop the mill for forty minutes, and the damages are laid at twenty-three dollars.

 A maiden came down from Beloit to show off her style in Detroit, when the boys in the street cried, "Heavens, what feet!" She didn't appear to enjoy't.

 Many of our cares are but a morbid way of looking at our privileges. We let our blessings get muddy, and then call them curses.

 Women barbers are multiplying. If they have pretty mugs they will, no doubt, keep their customers in hot water all the time.

 The prejudices of men and the failure to understand each other are the principal causes of their bitterness and ill-temper.

 Old men's eyes are like old men's memories—they are strongest for things a long way off.

 Air-castles and ideal men and women are rather out of place in a practical world like this.

members of the family have suffered from the same disease, but are now improving.

A Large Sale of Timber Lands.

Mr. Wm. L. Rawson, the General Agent of the Lumber Department of the Chesapeake and Ohio Railway, who is giving his attention to the development of the timber business along the line of that road, informs the editor of *The Virginian* of the consummation of the largest sale of valuable timber lands hitherto made in West Virginia. The lands sold are about 15,000 acres of selected white pine timber, located mainly in Pocahontas county, but partly in Greenbrier, all on the waters of Greenbrier river, by which an outlet for the timber is had to Ronceverte, on the Chesapeake and Ohio Railway, where the mills are situated for converting the logs floated down the Greenbrier into lumber.

The stumpage of white pine on these lands is estimated to be 100,000,000 feet. The purchase includes also the valuable mill-site at Ronceverte, and the franchises of the St. Lawrence Boom and Manufacturing Company. The price paid for these properties was \$109,000. The purchasers are Messrs. Camp, Kinports, Notley and Driscoll, all practical lumbermen from Indiana county, Penn., men who have means, experience and energy to successfully conduct the business they have undertaken. They have taken possession of their purchases, and are now making further improvements in the channels of Greenbrier river and of its Anthony's creek branch, so logs can be more easily run down those streams. They are now cutting from three and one-half to four million feet of white pine on Anthony's creek, which they will float out during the coming season, and also a considerable quantity of long timber to be rafted down the Greenbrier.

Grandpa.

The grandpa iz an individual aged sum-
where between 50 and 100 years, of a prom-
iskious temperament, and iz a common oc-
currence in all well regulated familys. Next
to a healthy mother-in-law, they have more
active bizzness on hand than enny other
party in the household. They are the stand-
ard authority on all leading topicks, and what
they don't kno about things that took place
sixty-five years ago, or will take place for the
next sixty-five years to cum, is a damage for
enney one to kno. Grandpas are not entirely
useless, they are handy to hold babys, and feed
the pigs, and are very smart at mending a
broken broom handle, and sifting coal ashes,
and are good at putting up the clothes line on
washing-days. I have seen grandpas that could
churn good, but i konsider it a mighty mean
trick to set an old fellow ov 80 years to churn-
ing butter. I am a grandpa miself, but i
won't churn butter for no concern, not if i un-
derstand miself. I am az solid on this kon-
klusion as a graven image. I am willing to
rok a baby all the time while the wimmin
folks are bileing sope, i am willing to cut rage
to work up into rag karpets, they can keep
me hunting hen's eggs wet days, or picking
green currants, or I will even dip kandles, or
kore apples for sass, or turn a grind stun, but,
bi thunder, I won't churn. I have examined
miself on this subject, and i will bet a jak
knife, so long az he remains in hiz right mind,
Josh Billings won't churn.

Az a general thing grandpas are a lot ov
konsalted old phools who don't seem to real-
ize that what they kno themselves iz the result
of experience, and that younger people hav
got to git their knolledge in the same way.
Grandpas are poor help at bringlog up child-
ren, but they have got precept and katekism
enuff, but the young ones all seem to under-
stand that grandma miled them a heap more
than they miled grandpa.—Josh Billings.

Pocahontas Circuit Court.

The October term of Pocahontas Circuit Court convened on Monday of last week and adjourned on Saturday—Judge Homer A. Holt, presiding.

An inconsiderable number of indictments were found by the Grand Jury, for minor offences.

A large amount of Chancery business was disposed of. The time of the Court was principally occupied with the Criminal Docket.

In the case of the State against A. H. B. Howdyschell, charged with horse-stealing, the jury found the prisoner guilty and fixed his term of imprisonment in the State Penitentiary at two and one-half years. The case of same against A. D. Adkinson, upon the same charge, was continued until the next term.

In the case of the State against J. W. Rodgers, charged with forging a Deed, the prisoner was found guilty and sentenced to three years imprisonment in the State Penitentiary.

The Court adjourned to meet on the first Monday in April, 1882.

HOW HE GOT THE JURY.—Jim Webster was up as a witness yesterday. He was present when a quarrel broke out in front of the Court House a few days previous. The Judge said: "Turn to the jury, Mr. Witness, and tell them what you know about the fight." "All right, Judge," said Jim, turning to the jury. "Gentlemen of the jury: Deacon Gabe Snodgrass was passin' along by de Court House, where dar was a crowd ob nigger loafers, and one of dem said suffin about peaches and spring chickens. Deacon Snodgrass turned and said," continued Jim, looking straight at the jury, "he said you am de most miserable crowd ob loafers eber I laid eyes on; you ain't fit for nuffin but loaf around de Austin Court House, and be put a on jury to draw a dollar and a-half a day, widout work-in' for it." "Your Honor," said the foreman, rising, "are we to be insulted with impunity?" "I was only tellin' what Deacon Snodgrass tole dem nigger loafers in front ob de Court House," said Jim. The jury found Deacon Snodgrass guilty without leaving their seats. N. B.—There is reason to suppose that Jim Webster had a grudge against Deacon Snodgrass, and that's why he gave his testimony in the way he did.

"What is the meaning of the word tantalizing?" asked

the success or failure of his administration.

R. H. GIBSON.

PEOPLE WHO WHINE.—There is a class of persons in this world, by no means small, whose prominent peculiarity is whining. They whine because they are poor, or if rich because they have no health to enjoy their riches; they whine because they have no luck, and other's prosperity exceed theirs; they whine because some friends have died and they are still living; they whine because they have aches and pains, and they have aches and pains because they whine; they whine, no one can tell why. Now a word to these whinnying persons: First, stop whinnying—it is of no use complaining, fretting, fault-finding and whinnying. Why, you are the most deluded set of creatures who ever lived! Do you know that it is a well-settled principle of physiology and common sense that these habits are more exhausting to nervous vitality than almost any other violation of physiological law? And do you know that life is pretty much as you make it? You can make it bright and sunshiny, or you can make it dark and shadowy. This life is meant only to discipline us—to fit us for a higher and purer state. Then stop whinnying and fretting, and go on your way rejoicing.

The cable has informed us that the Czar and the Emperor William

Salt the Cows.

Cows should receive all the salt they want. A very good plan is to make an artificial salt-lick by placing ground or coarse salt in troughs accessible to the cows when they want to get it, or by placing larger pieces of ordinary rock salt where the cows may lick at them when they feel inclined. Most people salt their cows about once a week, and then give them a pretty good dose. This is, of course, better than not to give any, but its incongruity and unfitness will be better appreciated perhaps by the dairy-man himself if he will try taking his own salt in the same way; say, on Sunday or Saturday morning he should eat a teaspoonful of salt, and let that do for the week. A cow isn't a human being, but physiology and common sense are pretty much the same, whether they are applied to man or other animals, in the matter of alimentation and the ordinary functions of digestion and so on. If cows are fed in the stable every day they should each have a good teaspoonful of salt every morning in the trough, or a piece of rock salt may lie in the trough to be licked when she wants it. If cows are not stabled every day a box or two of salt should be placed in the field or at the milking place, so as to be accessible any time when the cows feel like having a lick.

Old Mrs. Harris was never regarded as a paragon of neatness. If "cleanliness is next to godliness" it is to be feared that the old

These are the only grey eagles seen in Pocahontas county since the late Charles T. Ridgway killed two, near the same size, about 25 years ago, at the Big Spring, in that county.

Death of John C. McGlaughlin, Esq.

The death of this gentleman occurred at his home in Huntersville on the 23rd ult.—For years past he has been in delicate health, and for some time had been gradually wasting away. Mr. McGlaughlin was a native of Pocahontas county, but lived for some time in Bath county, Va., where he was at one time President of the County Court under the old regime. His father was one whose boyhood days co-existed with the formation of that county, and his brothers are among its prominent business men. Many who have frequented the Pocahontas courts remember with pleasure this kind and genial gentleman who, for some two years or more, has assisted in expediting business as Deputy Clerk. At the time of his death he was Assessor of the county, and held also other positions of trust, such as Commissioner in Chancery, Commissioner of Accounts and Notary Public. His delicate health has prevented his doing much business outside his office of Assessor for some months past, but what he did was well and carefully done, and we have heard that the Auditor stated his books to have been the most perfect that came to his office in 1881. He leaves a wife and seven children, the youngest of whom is an infant. It can be said of Mr. McGlaughlin that he scarcely had an enemy, and that he knew no malice. A kinder husband and father was not to be found, nor a truer or better friend. He was a member of the Presbyterian church at Huntersville. His age was about 43 years. His remains were interred on the 29th ult., in the family burying-ground at Marlin's Bottom.

The Musical Concert.

The concert held at the Town Hall on Saturday night last by the young ladies and gentlemen of Lewisburg, aided by Miss

Shanks, Thomas Robinson, Adolphus K. Kyle and M. L. Freshman and Fannie M. Kershner and Sarah Etta G. Hiser and Parmelia L.

County Court Proceedings.

The January term of County Court met last Monday Tuesday. Present, James L. Davis and Austin Hand

Charles L. Davis was called to the Court for the ensuing term.

The amount of the value of road property within the county, as certified by the Auditor in 1882, as certified by the Auditor, is divided and apportioned between the several roads, as follows: The road which the road runs, as follows: be apportioned, \$268,623.

phur District, \$89,541.25; Spring District, \$89,541.25; and Fort Spring District, \$89,541.25.

Leave was granted to the Court to keep hotel, without the payment of intoxicating liquors, viz: Williamsburg District; and Ronceverte; and Jas. E. V. Spring District.

The future terms of the County Court are ordered to be held as follows: the first Monday in July, the first Monday in October. The Court will hold the levy term.

A. B. Watts qualified as Assessor of Williamsburg District.

The surveyors of roads in the county, to examine the condition of the roads, shall have two days added to the time previously formed, making four days in all.

S. G. Biggs, who was elected Justice of the Peace for Lewisburg District, having as the law requires, was sworn in before the County Court as such Justice, to serve until the next election, whereupon he appeared and qualified.

The sum of \$530 was appropriated for paupers at the County Court. James Williams was appointed

Why He Drank.

"So you were drunk," said the Police Judge to an old toper.

"Yes, sir; but under palliating circumstances. I had not touched a drop of liquor for six months, and I became too respectable. I began to get proud. Sometimes I wouldn't even speak to my wife when I met her on the street. Now, pride is dangerous. John G. Saxe tells us that all proud flesh, where'er it grows, is subject to irritation. When a man stays sober too long he becomes Pharisaical. Socrates, you know, said that a man should get drunk once a month. I did not wish to become a Pharisee, so I got drunk."

"But did Socrates tell you to go into a saloon and fight the proprietor?" asked the Judge.

"Yes, sir. I don't remember his exact words, but, as nearly as I can recall them, he said: 'Go, therefore, into the place where wines and liquors are sold, and for the exercise of the muscle, which nature has given you, pound the bar-tender.'"

"Did the old philosopher tell you to go into a boarding-house, seize the landlady and tear her clothes?"

"Yes, sir. 'Go you therefore'—page 321 revised dialogues—'into the boarding-house, lay hands upon the wardrobe of the mistress of the establishment and rend her garments, for vain is the landlady who has tender clothes and tough steaks.' Am I classically discharged?"

"No, sir. You will be assigned to the philosophical employment of breaking stone."

Culinary.

Venison Steak.—To wash a venison steak is to ruin it. When you slice the steaks from the haunch they ought to be clean. The outside cut may be soiled from transportation; then you may rub it clean with a damp towel. A venison steak should be broiled on a clear hot fire, well salted and with a very little pepper, and eaten plain with a very little hot butter in the dish. A good sauce is made with a couple of teaspoonsful of current jelly, a mustard-spoonful of celery seed, and some of the gravy from the venison steak, served as hot as possible. Hot plates—very hot ones—are a necessity for game of all kinds, and most espically venison.

Venison Pastry.—Cut a neck or breast into small steaks. Rub them over with a seasoning of sweet herbs, grated nutmeg, pepper and salt. Fry them lightly in butter. Line the sides and edges of a dish with puff paste; lay in the steaks and add half a pint of rich gravy, made with the trimmings of the venison. Add a glass of port wine and the juice of half a lemon, or a teaspoonful of vinegar. Cover the dish with puff paste and bake it nearly two hours. Some more gravy may be poured into the pie before serving it.

Orange Fritters.—One pound flour, one pint of milk with a teaspoonful of salt in it, and a quarter pound of melted butter.

of sweet herbs, grated nutmeg, pepper and salt. Fry them lightly in butter. Line the sides and edges of a dish with puff paste; lay in the steaks and add half a pint of rich gravy, made with the trimmings of the venison. Add a glass of port wine and the juice of half a lemon, or a teaspoonful of vinegar. Cover the dish with puff paste and bake it nearly two hours. Some more gravy may be poured into the pie before serving it.

Orange Fritters.—One pound flour, one pint of milk with a teaspoonful of salt in it, and a quarter pound of melted butter, and three eggs beaten very light. Prepare four oranges by removing the rind and every particle of white pith, divided into small pieces without breaking the skin. In each spoonful of butter put a piece of orange and fry a golden brown; sift powdered sugar over as soon as taken from the pan.

Celery Fritters.—Cut half a dozen white stalks of celery about two inches long. Boil them till tender in boiling water and salt, dip them in the following batter, and then fry them golden brown in smoking hot fat. Fry-batter: Mix together smoothly the yolk or a raw egg, a tablespoonful of salad oil, a little salt, pepper, and nutmeg, quarter of a pound of flour, and enough cold water to make a batter stiff enough to hold the drops from a spoon. Just before using the batter stir into it the whites of the two eggs beaten to a stiff froth. Fry the fritters just before they are wanted for use.

Frozen Pudding.—One pint of milk, two cupful of granulated sugar, a scant half cupful of flour, two eggs, two tabl-

a batter stiff enough to hold the drops from a spoon. Just before using the batter stir into it the whites of the two eggs beaten to a stiff froth. Fry the fritters just before they are wanted for use.

Frozen Pudding.—One pint of milk, two cupful of granulated sugar, a scant half cupful of flour, two eggs, two tablespoonsful gelatine, one quart of cream, one-half pound of French candied fruit, four tablespoonsful of wine. Let the milk come to a boil. Beat the flour, one cupful of sugar, and the eggs together, and stir in the boiling milk. Cook twenty minutes and add the gelatine, which has been soaking one or two hours in water enough to cover it. Set away to cool. When cool add the wine, sugar, and cream. Freeze ten minutes; then add the candied fruit and finish freezing. Take out the beater, pack smoothly, and set away for an hour or two. When ready to serve dip the tin in warm water, turn out the cream, and serve with whipped cream heaped around.

Salad Sauce.—Put the yolks of two hard-boiled eggs on a plate, mash them smooth, mixing with them a tablespoonful of water and two tablespoonsful salad oil; add by degrees a saltspoon of salt, a teaspoonful of mustard, and a teaspoonful of powdered loaf sugar; when these are all smoothly united, add gradually three tablespoonsful of vinegar.

SYMPTOMS OF SMALL-POX.—The first symptoms of small-pox are high temperature and languor, etc., in short, exactly the same symptoms accompanying ague or typho malarial. It is only after three or four days that small-pox can be accurately determined, at which time small lumps form under the skin like bird-shot. If they are very thick they indicate confluent small-pox, but if scattered, varioloid must be expected. The latter, while being itself comparatively harmless, will produce small-pox, and small-pox will in certain cases produce varioloid. The following is a remedy for small-pox. It is harmless when taken by a well person. It is also for scarlet fever: Sulphate of zinc, one grain; foxglove (*digitalis*), one grain; half a teaspoonful of sugar; mix with two table-spoonfuls of water. When thoroughly mixed add two ounces of water. Take a spoonful every hour. Either disease will disappear in twelve hours. For a child smaller doses, according to age.

List of Deeds.

PLE

J.

Some people think they are very smart when they abuse a newspaper or editor. They forget that many papers have largely profited by becoming the objects of these attacks, and that some editors have thriven on being assaulted.

Aside from this consideration, it should be remembered that an editor is often obliged to occupy a very delicate position. His sense of right will often cause him to attack or defend a man, a business, a class or a cause at the risk of making enemies of others, only to find in those whose interests he has labored deep ingratitude.

Of course no level-headed editor expects to find much gratitude or charity. He must generally be content with the approval of his own conscience, and pursue the course he believes to be right, regardless of either frowns or smiles, supported by his conscious rectitude.

It will come all right in the end. It is hard to be misunderstood, and to find those to whose support you have earned a right desert you to meet alone the attacks of those you have incensed in pursuing the course you were convinced was right, but you will thereby learn of self-reliance, and form a habit of judging entirely for yourself that will be invaluable. You will be able to tell the truth, however distasteful, and refuse to utter a falsehood, no matter how much pleasanter it may promise to make things go.—*Exchange.*

Pocahontas County Items.

A deed conveying 150,000 acres of land ly-
ing in Bath county, Va., and Pocahontas
county, W. Va., to Robert Strong, of Wash-
ington City, and Gen. B. F. Butler, of Bos-
ton, Mass., was a few days ago placed on re-
cord in Pocahontas county. The survey is
known as the "Wilson Survey," and covers
a very valuable part of the county, starting
say at the mouth of Clover creek, thence
down the Greenbrier river to Knapp's creek,
thence up Knapp's creek and on to the Bath
county line, thence north along the Alle-
ghany mountain as far as Dunmore, thence
back to the beginning at Clover creek. The
land-owners within these bounds are consid-
erably stirred up, the first intelligence given
them that as formidable an adversary as
Gen. Butler and his partner (who, if there is
anything in a name, is hard to handle,) were
about to dispute their titles, being imparted
by the presence of Mr. Strong with his attor-
ney and surveying party. The whole party
spent last Thursday night at Huntersville,
and it has since transpired that in looking
over the records that evening Mr. Strong dis-
covered that some years ago a deed had been
placed on record in that (Pocahontas) county
from the same gentleman from whom he and
Gen. Butler claim, and which is pronounced
to be a forgery. Affidavits to that effect
were filed with the Prosecuting Attorney,
who, having had recent experience in that
line, has entered into the case with great
zeal. The names of the parties supposed to
be interested in the forgery are for the pres-
ent withheld for prudential motives, it being
understood that detectives have been put on
the track of the forger.

about to dispute their titles, being imparted by the presence of Mr. Strong with his attorney and surveying party. The whole party spent last Thursday night at Huntersville, and it has since transpired that in looking over the records that evening Mr. Strong discovered that some years ago a deed had been placed on record in that (Pocahontas) county from the same gentleman from whom he and Gen. Butler claim, and which is pronounced to be a forgery. Affidavits to that effect were filed with the Prosecuting Attorney, who, having had recent experience in that line, has entered into the case with great zeal. The names of the parties supposed to be interested in the forgery are for the present withheld for prudential motives, it being understood that detectives have been put on the track of the forgers. This survey covers a large portion of the purchases and leases effected by the West Va. Central and Pittsburg Railroad last summer.

The sale of the personal estate of J. F. Seebert, by the administrators on the 2nd day of February, amounted to about \$1,450.

The letting of the County Jail was to take place on the 15th, (yesterday.)

There is some suffering reported among the poor people in the Little Levels, owing to the bad season of last year, but the farmers are not complaining much for want of feed for stock.

Miss Varner, whose arm was broken by being thrown from a wagon near her home at Split Rock some time last fall, is said, by mal-practice of a physician, to have lost the use of the arm entirely.

DUNMORE, Feb. 17th, 1882.

Editor Greenbrier Independent:

The big snow is gone, plenty of rain and mud, and a good time for saw-mill men and young ducks. If the ground was a little warmer it would be a good time to set out Spring overcoats.

Last Tuesday Mr. G. H. McGlaughlin came very near cutting his foot off with a falling axe. The cut is 5½ inches long, and clear through. Also, last week Mr. Robert McGlaughlin fell down and broke his kneecap.

Mr. Hugh McGlaughlin is very sick with pneumonia. And Mr. James H. Galford is also very sick at this time.

Quite a little war broke out in the neighborhood of Dillies' Mill on Monday last.— One hundred or more shots were fired at the land sharks, or better known as the big land surveyors, surveying the old "Wilson Survey." Anyway, the surveyors—Campbell, Strong and Barrett—raised the white flag, and when last seen were making their way for Old Virginia, begging for life. They did not get the survey closed till it got too hot for them. If they come back they will smell tar, feathers and brimstone.

Col. Isaac Moore, during the last big snow, hauled 150 saw logs to his mill.

Pocahontas County Items.

The surveying party of Mr. Samuel Strong (erroneously called Robert in a previous issue,) went out to work Tuesday morning, the 14th ult., and encountered, it is said, about seventy-five armed men whose demonstrations were such as to lead the surveyors to believe it would be dangerous to run very many lines around them unless it was a backward course. Some shots were fired by the mountaineers, but it is supposed without any hostile intention. No one was hurt anyway, and the Strong and Butler party returned from the scene of action and have retreated toward the seat of Government. Not, however, before Mr. Strong was awarded the contract for building the Jail at \$4,440. He expects to begin work in a short time, and he says "it shall be strong if Strong can make it strong," for he intimates that one of that kind is needed.

The Levels is excited over a thousand-dollar school-house, and an effort to oust the Postmistress at Academy postoffice.

The public schools have nearly all closed, and it is said that next week Maj. John S. Rudd will begin a school at Mill Point that will be largely attended by teachers.

The Rev. V. W. Wheeler and his congregation were surprised a few Sabbaths ago—whilst holding Divine worship in Marvin Chapel—by a man by the name of Webb arising abruptly in the congregation and challenging Mr. Wheeler to a theological debate, inviting proof as to whether there was such a day as Sunday. Mr. Webb was ordered to be quiet and afterwards ordered out, but he declined to go, and being a large, brawny man, nobody felt like taking him. The Rev. Jasper, of Richmond, Va., author of "the sun do move" theory, may here find a foe-man worthy of his steel.

Pocahontas Items.

HUNTERSVILLE, Mar. 13th, 1882.

We have been much annoyed lately at the tardiness as well as the irregularity of the mails from Lewisburg here, and even beyond that point. The INDEPENDENT, which should have arrived at the Huntersville office on Friday, the 10th inst., has not, at this writing, put in an appearance. The Baltimore Sun that would reach us, if sent by Warm Springs, in a reasonable time, say two days after publication, is sent on to Ronceverte and by Lewisburg sometimes, and at other times comes by way of Warm Springs, so that we frequently have read, say (as occurred last week) the paper of the 7th inst. before the papers of the 4th and 6th insts. have arrived. We do not know where to lay this blame, but we do know that in our present situation we cannot rely on receiving or transmitting mail with any reasonable certainty.

We regret to see that the accounts of the unpleasantness between some of our citizens and the Butler-Strong surveying party has been so foolishly and erroneously magnified until it has appeared at last in the Wheeling Register in the shape of "a battle." Such magnified statements are calculated to create the impression that our people are lawless. This is not so.

Mr. J. C. Louny is adding valuable improvements to his hotel at Huntersville.

Messrs. Wm. J., Andrew M. and Harper McGlaughlin have each put under contract a new house, all of which are to be built during the approaching summer. Mr. Wm. A. King, of Frankford, will do the carpenter work, and Mr. John Fitzgerald, of the same place, will do the plastering.

A considerable transaction in real estate has recently taken place in which some of the aforesaid parties figured. Harper McGlaughlin purchased \$3,600 worth of land of W. H. McClintic, and sold his farm at Marlin's Bottom, or a part of it, to his brother, Wm. J., for \$4,600, who will soon move thereto, he having sold his farm on which he lives, near Huntersville, to Mitchell D. McGlaughlin.

PIANOS AND ORGANS

Pocahontas Items.

HUNTERSVILLE, *Mar. 13th*, 1882.

We have been much annoyed lately at the tardiness as well as the irregularity of the mails from Lewisburg here, and even beyond that point. The INDEPENDENT, which should have arrived at the Huntersville office on Friday, the 10th inst., has not, at this writing, put in an appearance. The Baltimore *Sun* that would reach us, if sent by Warm Springs, in a reasonable time, say two days after publication, is sent on to Ronceverte and by Lewisburg sometimes, and at other times comes by way of Warm Springs, so that we frequently have read, say (as occurred last week) the paper of the 7th inst. before the papers of the 4th and 6th insts. have arrived. We do not know where to lay this blame, but we do know that in our present situation we cannot rely on receiving or transmitting mail with any reasonable certainty.

We regret to see that the accounts of the unpleasantness between some of our citizens and the Butler-Strong surveying party has been so foolishly and erroneously magnified until it has appeared at last in the *Wheeling Register* in the shape of a

unpleasantness between some of our citizens and the Butler-Strong surveying party has been so foolishly and erroneously magnified until it has appeared at last in the *Wheeling Register* in the shape of "a battle." Such magnified statements are calculated to create the impression that our people are lawless. This is not so.

Mr. J. C. Loury is adding valuable improvements to his hotel at Huntersville.

Messrs. Wm. J., Andrew M. and Harper McGlaughlin have each put under contract a new house, all of which are to be built during the approaching summer. Mr. Wm. A. King, of Frankford, will do the carpenter work, and Mr. John Fitzgerald, of the same place, will do the plastering.

A considerable transaction in real estate has recently taken place in which some of the aforesaid parties figured. Harper McGlaughlin purchased \$3,600 worth of land of W. H. McClintic, and sold his farm at Marlin's Bottom, or a part of it, to his brother, Wm. J., for \$4,500, who will soon move thereto, he having sold his farm on which he lives, near Huntersville, to Mitchell D. McGlaughlin.

Personal Mention.

Mr. C. L. Peck, of Alderson, was in town Monday.

DUNMORE, W. Va., March 13th, '82.

Editor Greenbrier Independent:

Mr. Geo. H. McGlaughlin is able to be out again, Mr. Jas. H. Galford still remains very poorly, Mr. Albert Nottingham is very low with pneumonia, and Mrs. Henry Grimes died at her home near Frost on the 25th of last month.

Col. Pritchard and Capt. Lakin's steam saw-mill is in full blast.

Mr. John R. Sharp took his departure for Nebraska on Tuesday last. Success to him.

Ex-Speaker Moffett and Miss M. Florence Moore returned home on Tuesday last from Wheeling.

Those wishing to buy good farms are invited to attend the Circuit Court at Huntersville on the 2nd, 3rd and 4th of April. (See advertisements in this paper.) C. B. Swecker will at that time auction off lands, property, &c., and those desiring anything of the kind should be present.

Some of our farmers are plowing, and small grain looks well. Sugar making is about played out.

Dr. Hollinsworth talks of locating at Dunmore. * *

WHAT AN OLD FARMER SAYS.—This is the advice of an old man who has tilled the soil for forty years :

I am an old man of upward of three-score years, during two score of which I have been rich and have all I need, do not owe a dollar, have given my children a good education, and when I am called away shall leave them enough to keep the wolf away from the door. My experience has taught me that—

First—One acre of land well prepared and well tilled produced more than two which received only the same amount of labor used on one.

Second—One cow, horse, mule, sheep or hog well fed is more profitable than two kept on the same amount necessary to keep one well.

Third—One acre of clover or grass is worth more than two of cotton where no grass or clover is raised.

Fourth—No farmer who buys oats, corn or wheat, fodder and hay, can keep the sheriff from the door to the end.

Fifth—The farmer who never reads the paper, sneers at book-farming and improvements, always has a leaky roof, poor stock, broken-down fences and complains of "bad seasons."

Sixth—The farmer who is above his business, and entrusts it to others to manage, soon has no business to attend to.

Seventh—The farmer whose habitual beverage is cold water is healthier, wealthier and wiser than he who does not refuse to drink.

Post.

WARNING TO NEWSPAPER STOPPERS.—

A certain man got mad at the editor and stopped his paper. The next week he sold all his corn at four cents below the market price; then his property was sold for taxes because he only heard of the convention three days after it had adjourned; he lost ten dollars betting on Molly McCarthy two days after Ten Broeck had won the race; he was arrested and fined ten dollars for going hunting on Sunday; and he paid three hundred dollars for a lot of forged notes that had been advertised for two weeks and the public cautioned not to negotiate them. He then paid a big Irishman, with a leg like a derrick, to kick him all the way to the newspaper office, when he paid four years' subscription in advance, and made the editor sign and swear to an agreement to knock him down and rob him if he ever ordered his paper stopped again.—*Glasgow Times*.

 Little four-year-old wanted something that his sister had, but the sister was resolute and wouldn't give it up. "It ain't pritty 'nuff for you to keep," he said, mingling a

Pocahontas Circuit Court.

The April term of Pocahontas Circuit Court convened on Monday last—Judge Homer A. Holt presiding, and adjourned this (Thursday) morning.

The following gentlemen composed the Grand Jury, viz: George P. Moore, Foreman; W. M. Gum, Geo. W. Kerr, Jas. Wannlass, Benj. F. Jackson, Isaac B. Moore, Rob't Shradler, Frances Dever, Henry Buzzard, Jas. A. McColum, John B. Hannah, Jacob W. Sharp, Reuben Pennell, Geo. W. Rankin and Sam'l A. McCarty.

Indictments were found as follows: For breaking into a house with the intention of committing larceny, Albert S. Wooddell and George Fraley; also the same for assault and battery; for disturbing religious worship, John Webb; and McLure Wilfong and Jas. W. Louny for violation of the liquor law.

Uriah Gillispie and Wm. Kerr, charged with interfering with an officer in the discharge of his duty, were tried and acquitted.

State vs. Wm. Mayse, charged with unlawful trespass. Tried and acquitted.

State vs. John Armstrong, charged with violation liquor law. Tried and acquitted.

State vs. E. D. Atchison, charged with being accessory, before and after the fact, to grand larceny, case continued until next term.

In the case of the State vs. Albert Wooddell and George Fraley, charged with house-breaking—tried and found guilty, and term of imprisonment fixed in each case at two years in the State Penitentiary.

A large amount of Chancery business was disposed of.

The following Attorneys from a distance were present: Capt. R. F. Dennis, Judge J. M. McWhorter, and John W. Arbuckle and Thomas H. Dennis, Esqs., from Greenbrier; L. H. Stephenson and Chas. P. Jones, Esqs., from Highland; Wm. M. McAllister and J. W. Stephenson, Esqs., from Bath; and Wm. Kee and Jared Wamaley, Esqs., from Randolph.

COMMISSIONER'S SALE

—OF—

Lands in Pocahontas County.

PURSUANT to a decree rendered by the Circuit Court of Pocahontas county, W. Va., at the April term, 1882, in the chancery cause of George C. Custer, executor, of &c., vs. C. C. Silva and others, pending in said Court, the undersigned Special Commissioner will, on

Tuesday, the 20th day of June, 1882,

offer for sale, at public auction, in front of the Court-house door of said county, to the highest bidder, the following lands belonging to said C. C. Silva, viz: The one-half interest of said C. C. Silva in 212 acres of land, lying and being in the said county of Pocahontas, on the waters of Stamping creek, the other half interest being held by one R. D. Silva, under conveyance to said Silva from Christy M. Lewis and wife; also an undivided one-half interest in 97 acres of land, lying in same county and State, belonging to John H. Armstrong, another defendant in said suit, held jointly with one B. F. Armstrong, under a deed from one Wm. Adkinson, and lies in what is known as the "Spruce Flats," on Swago creek. These are valuable lands for farming and grazing purposes.

TERMS:

A credit of 9, 18 and 27 months will be given, except as to so much cash in hand as will pay cost of suit and sale, for the residue the purchaser to execute bond with approved personal security, bearing interest from date, and a lien to be retained until all of the purchase money is paid.

May 18-4w.

Institute Notes, Educational Items, &c.

Pocahontas has 65 school-houses, and only about 25 teachers attended the Institute. Where will we get our teachers?

Prof. Dennis won golden opinions from the Pocahontas teachers. Why did he leave those flowers?

Miss Maggie Warwick was awarded the prize as best reader, at the Institute.

The popular query among the ladies at the Institute—Why don't Prof. Dennis marry? The cause of the query, "He is so nice."

Col. Osborne is preparing a volume of Institute poetry. He is a living contradiction of "*poeta nascitur non fit.*"

Major Turk is sad. He missed the forensic display consequent upon Institutes.

Mr. Warwick excelled himself and surprised his friends by a sort of hyprotechnical display of eloquence. Theme, "Who cares for the opinion of the dear public?"

A general attendance of citizens at the Institute indicated an interest in education; frequent yawns indicated an imitative faculty.

Huntersville is lonely now; the Institute is o'er; we want it here again more than we did before.
